# Why we are here!

AA changed my life.

The theme of this year's Workshop is connection. Connection is the root of relationships. Connection is...

We are here to build relationships and share experience -- which is a two way conversation. We encourage you to be an active participant. We hope that you are here to do more than listen, we would like you to to share with us, share with each other, and then share with your home communities.

# We are using technology here today!

- We understand that multitasking can make people less productive and less present. There is always a balance to this.
- Use the mobile application. Use it between sessions to see what's happening next.
- Use slack during sessions to ask questions and take notes.
- Use slack and our shared Google document to take notes

Get the mobile application now

# Birds of a Feather (BoF) Sessions

Birds of a feather sessions are an informal meeting, where attendees group together based on a shared interest or topic and carry out discussions without any pre-planned agenda.

We're sure the program doesn't cover everything you all are doing or want to talk about, so the BoFs are the place to do that.

Visit the registration desk to indicate your interest in BoFs.

The BoF sessions will happen after dinner tonight. Submissions close at 6pm. Voting closes at 7pm.
