

SESSION 150B

USES OF GSO'S FNV

DATABASE

NAATW 2016 – NOVEMBER 18, 2016

WINSTON-SALEM, NC

PRESENTED BY ROSS DRINEN

NEW HAVEN GROUP, TULSA, OK

FELLOWSHIP NEW VISION

- Web based application developed for internal use by GSO (2007).
 - Contains data on Groups and Trusted Servants. (GSRs, DCMs, Committee Chairs, etc)
 - See GSO's New Group Form for data fields.
 - “Trusted Servants” or “Roles” include GSRs, DCMs, Service Committee Chairs, etc.
 - For Groups, meeting locations & times, with links to associated trusted servants.
 - For Trusted Servants contact and position data, with links to associated groups & districts.
- 

FELLOWSHIP NEW VISION

- FNV data input by Area Registrars.
 - FNV makes data available to Area Registrars.
 - Query exports come in the form of two .csv files.
 - The FNV Groups.csv file contains Group Data.
 - The FNV Roles.csv file contains Trusted Servant Data.
 - Both are suitable for import into Excel, Access, etc.
- 

FELLOWSHIP NEW VISION

- Groups data.
 - One record per group
 - Includes active and inactive groups
- Trusted Servant (Roles) data
 - May contain multiple records per person.
 - Includes Area, District, and Group positions
 - Generally contains only people/positions that GSO recognizes.
 - But allows positions labeled as “Other” and a Description field to enter Area specific positions.

AREA 57 FNV USE

- Registrar enters all trusted servant and group data into FNV.
 - GSO recognized positions, such as DCM and CPC Committee Chair.
 - And Area positions not recognized by GSO, such as Alt-DCM and Technologies Committee Chair.
- Registrar exports FNV Groups and Roles data periodically as needed.
- And imports the exported data into Access Database tables.
- First use of the data was to replace nearly identical Area database
- But the Area database included contributions data as well as group and roles data.

AREA 57 CONTRIBUTIONS APPLICATION

- Application for financial control and contributions reporting.
 - FNV Groups data is used to validate group information in the records.
 - Populates autocomplete dropdown lists for City and Group Name.
 - Fills in Group number automatically.

 - Generates reports on contributions by group and district.
-

AREA 57 NEWSLETTER MAILING LABELS

- Mailing labels generated for mailing of hardcopy newsletters.
 - Sent to trusted servants in FNV without an email address.
 - A fairly straightforward extract from the FNV Roles table.
 - Challenge was deleting duplicate names; required some scripting.
- 

AREA 57 DIRECTORY (PHONE LIST)

- Lists Area and District Officers and Committee Chairs.
 - First section is for Area people followed by a section for each district.
 - Shows name, address, phone and email.
 - Fairly straightforward extract from the Roles file.
 - Except getting the sort order right took some creative indexing.
